Boys and girls,

May I have your attention, please? I have something important to tell you. We're graduating from middle school today. We have learned here for three years. There will be a graduation ceremony at 11:00 which will be held in the school hall. All of our classmates and their parents will attend it. The girl from Class Three named Rose who won the Excellent Student Award will give a speech at the ceremony. After the ceremony, we will chat with our teachers, friends and take photos with each other. So make sure you're on time. That's all. Thank you for listening.

C)请听下面一段独白。

When we graduate from school, we would like to take photos. It's a good way to record our school life. Here are some tips for you.

First, don't always put your subject in the center of your picture. Second, always take your camera with you. There will always be something beautiful around you. Be ready to take photos of them at any time. Third, when others are taking photos of you, don't just stand in front of the camera. You can try jumping. Lastly, pay more attention to the light. It is really important.

These days, students in our class are discussing the ways to celebrate graduation. Here are some ideas from our group.

Jim thinks we can have a party to relax ourselves. Mike prefers to plant trees to make our school more beautiful. Besides, it's a special way to express thanks to our school. As for Nancy, she likes to make a video to record the school life with our teachers and classmates.

In my opinion, travelling with classmates is a meaningful way to celebrate graduation. On the one hand, it's a chance to get together and have fun. On the other hand, we can start a new life journey through travelling.
