(M) It's traditional to send cards to friends and family members at Christmas. Christmas cards usually have pictures about Santa Claus. There are many kinds of greetings on them, and the most common one is "I wish you a Merry Christmas and a Happy New Year."

People saw the world's first Christmas card in London in 1843 with a picture of a group of people. They were having a Christmas party. Later, cards with flowers, children and animals become popular. In 1874, Americans began to send cards to one another.

Today, technology and the need to save time and paper have changed the way people share their Christmas greetings. They now send e-cards instead of writing cards. While the cards have changed, the feelings of the greetings are the same.

C)请听下面一段独白。

(W) Hello, I'm Nancy. Last December, I went to Europe to spend the Christmas holiday. I visited many countries: England, France, Spain, Italy and so on. The clothes in Paris are very popular, so I decided to buy a French dress for my mother and a pair of trousers for my father. I also bought some Christmas cards and sent them to my friends in China. I thought they would be excited when they received them. I spent Christmas Eve with my French friends in Paris. We prepared a lot of food and had a wonderful time.

Dear Tina,

I'm so glad you are coming to my hometown. Nanchang is really beautiful in September. It's sunny and hot in the day and a little cool at night. I suppose you bring some skirts, shirts and a pair of sunglasses. Don't forget to bring a jacket.

As you know, the Mid-autumn Festival is important to Chinese. It falls on August 15th of the Chinese lunar calendar. On that day, Chinese families usually get together and have a big dinner. Mooncakes are the special food for the festival. After dinner, people enjoy the bright moon outdoors. And children listen to the story of Chang'e. It's fantastic.

I hope this is helpful.

Yours,
Li Ming
