I'm Tom. I visited my grandfather yesterday and he told me about his early days. When he left school, he found a job in a post office. Soon he made more money than his friends because of his hard work. When he was 25 years old, Grandpa wanted a more exciting job, so he left the post office. Two months later, he found a new job in a big company. The new job made him move around and he was always in a car or on a train. The worst thing was that he couldn't make any new friends! Two years later he had to leave the company.

I am Linda. Of all the cartoon characters, I like Mickey Mouse best. I first knew Mickey Mouse when I was five years old. My grandmother bought some DVDs about Mickey Mouse for me at that time. I loved Mickey Mouse when I saw him first. Then I became his fan. Look at my bedroom! There are twenty pictures on the wall. I also have thirty books about Mickey Mouse. I plan to visit Shanghai Disneyland in January during my winter vacation. I think I will have a good time there.

A story between my friend and me

There is always something unforgettable in my life, especially the story between my friend and me. One thing happening in the past had a deep influence on me.

On a rainy day, I suddenly fell down and hurt myself badly. My left leg was broken. So I had to stay in hospital for about one month and I was worried about my study. Then my friend Mingming came to see me. When he knew about that, he said he could help me with my study. From that day on, he taught me every day. I was so moved. I didn't fall behind the other students thanks to Mingming's help. I thanked him a lot.

In my opinion, friends are very important in our life. No matter what happens, true friends will always be friends.
