My favorite movie

I like watching different kinds of movies when I'm free. My favorite movie is Edge of Tomorrow. It is a science fiction movie. It tells a story about a smart and brave soldier together with another woman soldier trying their best to fight the aliens. In the movie, the soldier had to die and wake up again and again. The movie was exciting and sometimes it was funny, too. Tom Cruise was the main actor and he did very well in it. I think it is a fantastic movie and it tells us that if we don't give up, we will win at last.
